Hey mcpderez et al...

I have a follow-up to the initial video here:

<https://www.youtube.com/watch?v=w2P6UJy17ro>

I tried to incorporate all of the feedback. I took feedback from the forums here, the YouTube comments, and from Facebook groups. Feel free to discuss in any place, of course I'd love to see more activity here. :)

I think next we will introduce the Super High Resolution (SHR) display!
